### U. S. MARINES KILL 150 HAYTIANS

(By Associated Press)  
Washington, Jan. 16.—U. S. Marines and Haytian Gendarmes yesterday repelled an attack on Port au Prince, the Haytian capital, by a force of 300 bandits, more than half of whom were killed, wounded or captured after being pursued outside the city. The total casualties of the marines were two privates wounded, according to the report of the engagement received at the Navy Department today.

### EXPLOSION KILLS SEVEN

(By Associated Press)  
Aix Les Bains, France, Jan. 16.—Seven persons were killed and many injured in an explosion in a fireworks factory here today. Three adjoining factories were destroyed and the walls of a number of houses were cracked. The windows were blown out of the Paris express which was passing at the time of the accident.

(By Associated Press)  
London Jan. 16.—The impression prevailed here today that in the conference at Paris of Premier Lloyd George, Winston Spencer Churchill, the war minister, Walter Runcie Long, First Lord of the Admiralty, Baron Beatty, commander of the grand fleet, and Field Marshal Sir Henry Wilson, chief of the imperial staff, it would be decided to take some defensive action against Bolshevik military aggression. The Persian government has requested Great Britain to state what assistance can be given Persia in the event of a Bolshevik invasion and what defensive action by Persia would accord with the British policy. An unconfirmed report from Berlin says that Kaiser Wilhelm, former Turkish war minister, has been in Berlin and has proceeded to Asia Minor. This raises the question of whether he was trying to enlist the support of German extremist elements in carrying out co-operation between the Turks and the Bolsheviks.

### LARGE FORCE WORK ON CONSTRUCTION OF DYE STUFFS PLANT

A force of one hundred and eighty men are daily working on the construction of the Atlantic Dye-stuff plant at Newington. The work is being pushed rapidly, despite the severe weather and the buildings will be ready for occupancy within a short time.

## MASKED MEN STEAL \$100,000 IN WHISKEY

**Spectacular Robbery Enacted  
in Chicago.**

(By Associated Press)  
Chicago, Jan. 16.—Two spectacular robberies marked the early hours of prohibition eve here. In one, six masked men bound the yardmaster and watchman of the Pennsylvania R. R. deroys six trainmen into a shanty and took between \$75,000 and \$100,000 worth of whiskey from two box cars. In the other, several men held up a watchman for the Coca Cola Co. and rolled four barrels of alcohol from a warehouse to a waiting automobile truck. Their booty was valued at \$5000.

## BANDITS ATTEMPT TO ROB N. Y. BANK

**Twenty Shots Fired and One  
Bandit Taken.**

(By Associated Press)  
New York, Jan. 16.—Three bandits battled with bank clerks in an eight-minute attempt to rob the Manhattan Savings Institution at Broadway and Bleecker street at 11 o'clock this morning. Fully 20 shots were fired but none of them took effect although a score of patrons were in the bank when the highwaymen made their attack. One of the desperadoes was captured when he retreated but the other two escaped. Their demand for money was ignored and they fled empty handed.

## YES, THE HERALD HAS BEEN SUED

Don't know just what for or what the charges are, but it is in connection with the Herald's "Over the Top," "There is No Better City," etc. The writ was made in favor of John H. Bartlett and the amount is \$20,000. We have not as yet been furnished with a copy of the allegations, but will be later and then we will give them to the public. Of course Portsmouth knows that Mr. Bartlett inferred that the editor of this paper had something to do with the Boston American article. The editor read his statement in the People and Patriot and being innocent promptly sent the following communication to that paper:

EDWARD J. GALLAGHER  
ED. PEOPLE AND PATRIOT.

My dear Major:  
I note to my surprise an article in your paper this morning from the Governor in which he charges me with being an enemy of him, and accusing me of being responsible through inference for certain articles in the Boston American. He states that the Boston American reporter is in my employ and that is the reason. The facts as I understand them to be are these:  
The articles are the work of staff members of the American. I do not personally know them and never have furnished the American with any in-

formation nor have I been requested to. I do not know Mr. Bartlett's reason for making this charge and in my years of newspaper work this is the first time I have ever gone to the press with a statement. I regard the false statements of Portsmouth too highly to ever hint at anything wrong to the outside world. I haven't any quarrel with any one but devote my time and energy in the best interests of our city—the success and happiness of our people and the prosperity of our industries. I have always ignored his anonymous attacks but when he charges me with the responsibility of the American's article and my being his enemy I ask you for space to simply nail it as a lie.  
P. W. HARTFORD.

What else was there for an innocent party to do? The Herald soon arranged to satisfy the demands of the sheriff and everyone is on the job.

## Business Presented for Immediate Con- sideration --- Ceremony Performed Without U. S.

(By Associated Press)  
Paris, Jan. 16.—Representatives of France, Great Britain, Italy, Greece, Belgium, Spain, Japan, and Brazil, members of the council of the League of Nations met in the Clock Room of the French Foreign Office at 10.00 this morning for the first meeting in the history of the League. The Council opened at 10.30 by a reading of the League of Nations Charter, signed at Versailles in 1919, and containing the choice of Sir Eric Drummond of Great Britain as general secretary. The first official act of the League Council was the appointment of a commission to trace upon the spot the frontiers of the territory of the Raro Union. All the members of the Council called for by the Covenant of the League with the exception of the representative of the United States were present when Mr. Bourgeois called the meeting to order. Premier Lloyd George of Great Britain and Viscount Grey, British Ambassador to the United States, were the only visitors of note. Premier Venizelos without rising opened the proceedings by nominating M. Bourgeois for Chairman. Lord Curzon seconded the nomination and he was unanimously elected. Bourgeois in his speech of acceptance predicted that January 16, 1920 would "go down in history as the date of the birth of a new world." After the appointment of the commissioners, the chairman proposed London as the place for the next meeting of the Council and this was approved.

(By Associated Press)  
Washington, Jan. 16.—Declaring that the greatest handicap to the American navy was the lack of constructive criticism and the fact that naval officers were refused permission to publish any matter without first submitting it to the navy department, Rear Admiral Sims today told the senate committee investigating naval decorations that his criticism of the circumstances of some of the awards was a plain duty. It did not involve insubordination as some newspapers had seemed to assume he said, nor was there any intention to make a personal attack on the secretary.

## TURKEY AND GERMANY IN NEW ALLIANCE

(By Associated Press)  
Sofia, Jan. 16.—A telegram from a Greek source received here says that the Turkish military authorities have received a message reporting that a new alliance between Germany and Turkey is about to be concluded.

## 28 BELOW AT NORTHFIELD, VT.

(By Associated Press)  
Boston, Jan. 16.—Northfield, Vt., with a reading of 28 below was the coldest spot in the United States on the official weather map today. The cold wave in northern Vermont sent the mercury to unusually low marks in many places. Burlington returned an official reading of 20 below and unofficial reports of 25 below at Montpelier and 34 below at St. Johnsbury and at West Stewartstown, N. H. Just over the Vermont line were received. Warm conditions were forecast for tonight.

## DE KOVEN OPERATIC COMPOSER DEAD

(By Associated Press)  
Chicago, Jan. 16.—Reginald DeKoven, American operatic composer and conductor, died here early today. Mr. DeKoven, who had been here for several weeks superintending the production of his opera Rip Van Winkle, was attending a dinner at the home of Mrs. Joseph Fish when he suddenly became ill. It died within a few minutes. Mr. DeKoven was the founder of the Washington Symphony Orchestra, of which he also was conductor. He was the composer of a number of operas and also had written music for orchestra and piano.

## ENGLAND FEARS ANOTHER WAR, IN EUROPE

### Recent Victories of the Bolsheviks Have Caused Great Uneasiness.

London, Jan. 15.—Before peace with Germany is a week, old the British public have been brought so sharply to the possibilities of another war. Winston Churchill, secretary of war, W. H. Long First Lord of the Admiralty, Baron Deatle Commander of the Grand Fleet and Field Marshal Sir Henry Wilson chief of the Imperial staff, hurriedly left London for Paris today summoned for a conference with Premier Lloyd George who is in Paris in conference with Premier Clemenceau. The summons is understood by the general public to be in connection with the statement published today calling attention of the threatened condition of the middle east, where the recent success of the Bolsheviks has given the Soviet government control of all of European Russia. It is almost certain that flushed with the success of their campaign that the Bolsheviks will plan further invasions.

## BLIND WOMAN BURNED TO DEATH

Salina, N. H., Jan. 15.—Mrs. Sarah E. Butler, 16-year-old blind woman, flour in the kitchen. A large, burned

spot in the floor marks the place where she died. When Mrs. Butler's husband returned to the house she was breathing, but she died in a few moments. Her body was terribly burned and all clothing but the shoes were burned off.

Mrs. Butler is survived by four sons and a daughter, Mary, besides her husband. The daughter lives in Boston. She was born in Hoxford, died a horrible death from burning while alone in her home on Lake street according to reports made to the authorities today.

The woman had been blind for several years, but had been accustomed to doing her housework. Yesterday she was baking, using wood for fuel in the kitchen range. While her husband was absent from the house for a few minutes Mrs. Butler attempted to put more wood in the stove and her clothing caught fire.

That the aged blind woman ran about the house in a frenzy of agony as the flames swept her body is shown by the many charred spots in different rooms. It is evident that she made a terrible but unending struggle to extinguish the flames that were burning her. Finally the woman sank to the floor.

### LAST SNOW FALL MADE BAD GOING IN COUNTRY

Many who reside within the city limits do not realize the effects of the late snowfall and the days of strong wind which followed. At Otisville bridge, there is a section of the road which is nearly impassable. Lying to the snow having drifted into a large pile from the fields in all directions. It was very difficult yesterday for horses and autos to plow through the drifts at this point. All the roads of Newington have been difficult to navigate through. Thursday being the roughest day of the winter in this section.

## \$10.00 IN GOLD

The census enumerators are now engaged in recording the population of this city. Portsmouth has grown considerably since the last census was taken in 1910, and the result is of great interest to every resident. The last census gave us a population of 11,200. What is it today? Try your luck at guessing. The HERALD will award a ten dollar gold piece to the one naming the nearest in estimating the total population. Start today. Fill out the printed blank and send in your figures. The HERALD will publish the list of names as they come in from day to day and later the entire list. Here is an opportunity for some pocket money. Each contestant restricted to one guess.

## SAYS CARRANZA RED ADHERENT

Witness Claims Bolshevik Sweeping Mexico.

San Antonio, Tex., Jan. 16.—Dropouts of the Bolsheviks have spread their doctrine of radicalism from Sonora to the Isthmus of Tehuantepec within a year. The Senate subcommittee investigating the Mexican situation was told yesterday by an American travelling salesman. The witness was heard in executive session in order that he might be guaranteed to that extent against reprisals by Mexicans. He begged that his name be not used because he expects to return to Mexico. Carranza, when forced to choose between two small armies in the south, one led by the federal commander and the other known as the Bolshevik force declared in favor of the latter he assured the committee. Striking laboring men in other districts, he said, were frank in their declaration of adherence to the radical cause and almost everywhere he went he found undisguised evidence of the success of the extremist agitators. Dramatic accounts of their expeditions were given the committee by Mrs. Mary Wright, Mrs. James A. Willis and Mrs. Joseph C. Bailey. The husband of Mrs. Willis disappeared while trying to get her out of the country. It was assumed by her he is dead. The husband of Mrs. Wright died as a result of hardships endured in Mexico.

## DANIELS DENOUNCES HYPHENS

Calls Them Great Menace in American Political Life.

New York, Jan. 15.—Charging that "hyphenated and un-American influences" have dominated the senate in its consideration of the peace treaty and the League of Nations covenant, Hephert Daniels in an address tonight at the Holland Society dinner here, declared the nation faces the danger of having the fate of the covenant decided, not upon consideration of merit, but "through fear of a foreign controlled vote."

Voicing a plea for an expression of solid, independent Americanism in the determination of all political issues, Mr. Daniels asserted that re-appearance of "hyphenated politics" when the league covenant was laid before the senate was the first time "this snake has crawled out of its hole since the revolution was signed." "It did not emerge" the secretary continued, "until it was coaxed out by men who wave the flag, sing America and whisper to supposed loyal Americans: Vote by race and language; keep organized as hyphens, and you can hold the balance of power in American politics." If it could win now in this league campaign this insidious foe of Americanism would be encouraged to dictate on issues that might involve the destiny of the republic in the interest of foreign policy.

"Let us not shut our eyes to the hyphenated political rejuvenation in America. It has lifted its head in the league discussion. If it can be called into being to influence the fate of one great measure, for or against, it indicates a malign, dangerous and un-American power in politics which, if tolerated would destroy the Americanism to which Wilson and Roosevelt gave new and vitalizing and uplifting power."

"When the President returned from Paris with the treaty of peace and the debate began it required only a few days to perceive that it was not to be discussed solely on its merits but from the standpoint of whether it would please the German-Americans, the Italian-Americans, the British-Americans and the others of foreign descent whose votes, supposed to be influenced by old world concerns, are desired by political manipulation next November."

"A man may be a good American and support the treaty without reservations or with reservations, or oppose it utterly. But no man is a good American who favors it because he loves England or France or Germany or any other country better than America or opposes it because he hates England or France or Germany more than he loves America; or because he fears or craves some political support alien to thorough-going Americanism."

"Hypnotized hyphenated politics is the menace, today, of American life. The country must be purged of it before we can be truly an American nation dominated by American ideas as to national and international duties and responsibilities."

"The duty of the hour is to cry aloud against this crime which threatens national unity and national honor and spare not until no public man or party will dare to cultivate any race or class vote to encourage political action based upon foreign loves or animosities, or to dally with disloyalty or half-hearted allegiance."

## REDS WORKING IN U. S. NAVY

Attempt to Sow Seeds of Bolshevism.

New York, Jan. 16.—Agents of the Reds have attempted to sow the seeds of Bolshevism in the United States navy, according to a statement made here yesterday by Captain J. L. P. Stone, commander of the Bay Ridge naval station.

Captain Stone, who addressed a gathering of prominent women who are interested in the creation of a permanent navy club for enlisted men, declared that American sailors have been asked by the Red agents to form themselves into Soviets, and have been fully instructed as to the methods of procedure. He said that Red literature had been scattered throughout the Bay Ridge station and elsewhere and that many of the men had been found reading it.

"We attempted to check the movement in two ways," Captain Stone continued. "First we confiscated all the literature we could find and then we appealed to the intelligence of the men. But the fact cannot be denied that agents of the Reds have attempted to spread the seeds of Bolshevism among the enlisted men of the navy. Commanders of other stations have told me of similar experiences."

## THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozella Kaula of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Sleep with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh affects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hahman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of protection and protection.

Sold everywhere in tablet or liquid form.

## RATIFICATION OF THE TREATY GROWS BRIGHTER

(By Associated Press)

Washington, Jan. 15.—At a bipar-  
tisan round table conference of senate  
leaders was held late today in an ef-  
fort to reach a compromise on the  
reservation for the ratification of the  
peace treaty. While no agreement was  
reached by the four republicans and  
five democrats, who have been promi-  
nent in recent informal conferences, it  
lasted two hours and arrangements  
were made for another meeting on  
Saturday.

The conference which Republican  
leader Lodge and administration leader  
Hitchcock which followed the un-  
successful caucus of the democrats to  
elect a leader to succeed the late Sen-  
ator Martin, was characterized by Sen-  
ator Lodge as the first step toward  
reaching a compromise.

The caucus of the democrats ad-  
journing after two attempts to break a  
tie vote of 19 for Hitchcock and Un-  
derwood the two candidates, to the call  
of the two candidates. The next meet-  
ing will be after Carter Glass the re-  
cently appointed senator takes his  
place, and he is an Underwood sup-  
porter, altho his vote was counted in  
the pairs of today, Senator Hoke Smith  
of Georgia refused to take part in the  
caucus an oddswitfield his vote and  
upon his vote depends the election.

Another development today was the  
visit of William Jennings Bryan to  
several of the republican and democrat  
senators, urging that they reach some  
compromise and ratify the treaty with  
the reservations.

## SENATE PASSES WATER POWER BILL

Washington, Jan. 15.—By a vote of  
52 to 19 the Senate late today passed  
the water power development bill. In  
some respects the bill follows the lines  
of the bill passed by the House last  
July and in a general way it is similar  
to a bill that has been in congress for  
many years. The bill before final action  
was taken was reconsidered and an  
amendment replacing fixing the govern-  
ment tax at not over 25 cents a horse-  
power. The bill was sent to a confer-  
ence.

## SEPARATE STATE FOR NEGROES IS URGED

Washington, Jan. 15.—Establishment  
of a separate State under protectorate  
of the United States, from segregation  
of the nation's negro population, was  
advocated before the House Judiciary  
Committee today by representatives of  
the negro race. Dr. O. M. S. Menden  
of St. Louis said a State should be es-  
tablished along the Rio Grande on terri-  
tory ceded by Mexico and the State of  
Texas, and that it should be inhabited  
and administered entirely by negroes.

## M. I. T. PRESIDENT DEAD

Boston, Jan. 15.—Richard C. Mac-  
Laurin, president of the Massachusetts  
Institute of Technology, died at his  
home here late this afternoon from  
pneumonia. He has been sick only a  
week. He is survived by a wife and two  
children. He was born in Edinburgh in  
1870 and was chosen head of the M. I.  
T. in 1908.

## NURSES BREAK BLOOD STRIKE

New York, Jan. 15.—Professional  
blood venders, men who sell their  
blood for transfusion operations, were  
struck for more money today at the  
Flower Hospital. They demanded \$55  
for a pint of blood, \$30 more than they  
received two weeks ago, since which  
time the price has increased to \$10.  
Student nurses, responding as strike  
breakers, ten minutes after the strike  
started, one nurse was on the operating  
table as a surgeon performed a trans-  
fusion operation and the hospital re-  
ceived a pint of blood free. Two hours  
later the nurse was attending a child.  
The strike was broken. Professionals  
were on the job today at the old wage.

## PROVED HE WAS A CITIZEN

The police this week picked up an-  
other of the alleged radicals for whom  
a warrant was issued in the original  
case here by the Federal Agents. He  
was turned over to the local Depart-  
ment of Justice agent, and he was able  
to show that he was a citizen of this

country and had voted in Lewiston  
since 1913. He was charged with dis-  
tributing some of the radical literature  
and his case was referred to County  
Commissioner Stoeper for action under  
the espionage act. The allegation was  
previous to the passage of the bill and  
he was subsequently released. He has  
been employed here for some years  
and stoutly disclaimed any knowledge  
of the Communist party or of any of  
the radical groups.

## ALLEGED PROFITEER IN SUGAR IS HELD

Portland, Jan. 16.—Howard Trussell  
of Wiscasset, accused of profiteering  
in sugar in his grocery store, was held  
in a \$500 bail, which was furnished for  
the April term of the United States  
District Court when arraigned be-  
fore Commissioner Chapman yesterday  
afternoon. He pleaded not guilty and  
awaited examination.

It is alleged by Federal investiga-  
tors that sugar which cost him less  
than 12 cents a pound was sold at re-  
tail from 14 to 20 cents a pound, nine  
tons of this supply having been secur-  
ed from a Boston wholesale dealer in  
November. Complaints were lodged  
here with officials, who investigated  
the case and caused Trussell's arrest.

(By Associated Press)  
Paris, Jan. 15.—The Supreme Council  
has drafted a note to the Dutch gov-  
ernment demanding the extradition of  
the former Emperor of Germany for  
trial. It is understood that the note will  
be sent on Saturday.

## WANTS MEXICAN TO TESTIFY

(By Associated Press)  
San Antonio, Jan. 15.—Louis Cabrera

cabinet was invited to appear before  
the Senate Sub committee investigating  
Mexican affairs, an ordinary witness.  
The Senate committee will not  
go into Mexico to hear him.

## CLEMENCEAU ACCEPTS NOMINATION

Paris, Jan. 15.—Premier Clemenceau  
has accepted the nomination as presi-  
dent of the French Republic. It was an-  
nounced tonight.

## EXETER

Exeter, Jan. 16.—The meeting to be  
held by the memorial committee for  
the soldiers of the late war, at the  
own hall next week, Jan. 22, prom-  
ises to be interesting from the fact that  
there is a wide variance of opinion of  
the form of a memorial.  
It is understood that the members  
of the Almon R. Phinney post of the  
American Legion are strongly opposed  
to a community house, while some of

the citizens are said to favor such a  
memorial.  
It is agreed that Exeter with all of  
its different halls and places of meet-  
ing is not sorely in need of a com-  
munity house at present.  
The universal opinion however is  
that some kind of a memorial should  
soon be decided upon, which will pro-  
bably be the case before the annual  
town meeting.  
Antonio Benavente of Franklin, form-  
erly of Exeter is making a visit with  
his relatives here.

## The Need of Discrimination.

At a superior court session held in a small New England city a few days ago for naturalization purposes there was an unusual amount of business to be done. Nearly one hundred persons were admitted to citizenship and there were many applications for first and second papers. Among those who became American citizens through the process of naturalization were men from Canada, Austria, Italy, Russia, France and Switzerland, and there was as great a variety of nationalities among those applying for first and second papers.

Amidst the prevailing din and confusion it is pleasant to contemplate work of this kind, which shows that the great melting pot is doing its work in spite of the uneasiness and commotion caused by the misdeeds of thankless and unprincipled individuals who have seen fit to abuse the welcome they have received and the opportunities that are presented to them in this land of the free. But it still remains true, as this paper has steadily contended, that the great majority of those who come from foreign shores to make their homes here come with honorable intentions and make reputable and desirable citizens.

All such the country can afford to welcome and does welcome. There is room here for all who are anxious to better their condition through honest industry. Those who forge their way to better things by the work of their hands and the proper use of their mental powers not only benefit themselves and their dependents, but they also benefit the country, for no country ever had too many faithful workers. And the great majority of our naturalized citizens are faithful workers, as every community can attest.

It is regrettable that there are in the country foreigners who have proved false to their obligations and are ready to snipe the hand that has fed them. That many such there are is all too evident, but their conduct and the necessity of dealing with them according to their deserts must not blind us to the fact that for every disturber there are scores and hundreds of men and women who have come from other lands with the best of motives, prepared to live under and support our institutions with the utmost loyalty.

These are facts to be borne constantly in mind at a time like this. The excitement caused by the half-crazed and disloyal elements that are fomenting trouble of the most serious character must not be permitted to obscure the fact that by far the larger part of our immigrants are well-meaning people ready to do their share of the day's work and anxious only to fit into American ways and become honorable citizens of the great country that has so freely opened its doors to them.

The excitement and fears of the present will pass away, and when the time comes that these are things of the past any injustice which may have been done to foreigners, simply because they were foreigners, will constitute an unpleasant memory. We must judge men and women by what they are, not by the language they speak or the garb they wear. By adhering to this policy we shall greatly aid those who are trying to help themselves, and at the same time contribute substantially to the general welfare.

Notwithstanding the many calls which have been generously responded to since the country entered the war there is no reason to doubt that New Hampshire will be on hand promptly with its quota of \$5,000 for the Yankee Division clubhouse in Boston.

The State Constitutional Convention, which wisely recessed during the war, is again in session. The work to be done can now be considered more calmly than would have been possible during the war period and the results of the convention should be more satisfactory in every way.

Monday, the 19th, will be Education Day, so to speak, in this city, that being the date of the annual meeting of the Rockingham County Teachers' Association, which is to be held here. The city will attend a cordial welcome to the gathering.

Don't fail to guess on the population of Portsmouth. It costs nothing, and you are liable to win a prize worth having, in addition to the excitement of being in the contest.

The Boston and Maine railroad is taking steps for placing the blame in connection with accidents at crossings. It is well enough that this should be done, although where the blame rests in nine cases out of ten is already pretty well known.

If there is any one who believes this is not a land of equality let him reflect that a tramp cuts as much of a figure in the census tables as the president of the United States.

Chicago's announcement of her readiness to take good care of both the "wets" and the "drys" if the Democrats would hold their convention in that city was loudly applauded, yet San Francisco gets the convention.

Women have been edging their way into the pulpit for some years and now we have the term, "Clergywoman," which a prominent newspaper makes use of in a fat, black headline. Yet why not?

## SOME BALL TEAM; DID YOU EVER SEE THEM IN ACTION?

PORTSMOUTH FAT MEN'S BASEBALL TEAM

The readers of the Herald will gaze with interest on this picture of Portsmouth's once famous Fat Men's Baseball team.

This picture was taken in the old bino ball grounds, on South street when Portsmouth figured in the New England League and Interstate League with a crack baseball nine including many players who later shifted in the big leagues.

Those acquainted with the picture will know that a number of the team have played their last game some years ago. On the left dressed in his street

clothes is Jack Priest, one of the scorers and a former pitcher for the Portsmouth Athletic Club. On the extreme right is Jerry Lynes another old time ball tosser who also acted as a scorer. In the center is Mr. Bartlett, a former resident of Kittery and this city who filled the position of umpire. The officer in the late patrolman Cornelius Quinn who typed the scores at a figure equal to any of the players.

The boy standing behind the picture in the grand stand is Jack Holland, who was a great admirer of the national game especially when the fat men got on the diamond. How many can you name in the group?

## NAVY YARD NOTES

Sale Date Jan. 27

The department has notified the supply officer that the date for the sale of condemned and surplus supplies has been set for January 27.

To Sell Surplus Lumber

A sale of surplus lumber, 300,000 feet, consisting of beech, birch and maple, will be sold at public auction at the local yard on January 23.

Lieut. Kieley Detached

Lieut. D. J. Kieley of the Industrial Department has been detached and ordered to duty on the Eagle boat No. 25.

## STILL SEIZING THE BOSTON AMERICANS

Bail Money Reduced and Reporters Are Released From Jail.

The two American reporters arrested on Wednesday in the action of Mayor Hildoy were released by Sheriff Spence today on surety bonds reduced from \$10,000 to \$5,000 by order of Judge Giffith. The bonds were provided by the American Surety Co. of Boston.

The morning editions of the Boston American said to be 1400 or 1500 copies consigned to the Portsmouth agent, Harry Weinbaum, were all seized at the depot on the arrival of the train carrying the same today. The papers were taken to the police headquarters on a warrant signed by the Mayor and served by Attorney John T. Mitchell.

Attorney Samuel W. Emery representing the Boston American will appear before Judge Sawyer in the superior court at Exeter this afternoon where he will appeal for an injunction restraining the police from interfering in the way of consigning the issues of the paper consigned to this city.

## IT WAS SOME COLD MORNING

The coldest points in this section this morning were Cotton Valley on the Wolfeboro branch of the Boston & Maine where the glass registered at 28. At Sanbornville it was 21, and at Johnsbury, Vt., 34. Dover was cold with 15 below and the lowest in and about this city was 10.

## FEW PORTSMOUTH TRAINS AFFECTED BY NEW SCHEDULE

Under the new train schedule of the B. & M. which will become operative

on Jan. 25, the Eastern route will have 6 new trains and the Western route of the Portland division five. The Southern division also gets five new runs.

The changes in trains to and from this city are the following:

Train leaving Boston week days at 3.30 p. m. for Wolfeboro will be scheduled 10 minutes later at all stops, Rockingham to Wolfeboro, inclusive.

## STUDENTS CLASS AT Y. M. C. A. HOLD TRACK EVENTS

The student class at the local Y. M. C. A. held its first track series on the gymnasium floor yesterday afternoon, the events consisting of the six potato race and the running broad jump. The potato race was very closely contested and the time was fast. The results follow:

Three heats were won by Johnson, Lord, Lydston and Mitchell. In the final heat Johnson was first, with Lydston a close second and Lord finished third. Time, 26 seconds.

In the running high jump Lydston was first with a jump of 4 feet 6 inches. Ed. Mitchell was second and Earl Philbrook and Franklin Winter were tied for third, Philbrook winning on a toss-up.

The points were won as follows: Lydston 3; Johnson, 5; Mitchell, 3; Lord, 1; Philbrook, 1.

## LOCAL GIRL AMONG THE GRADUATES IN CLASS OF 69

Among the class of 69 young nurses who graduated from the training school of the Massachusetts General Hospital at Boston on Thursday were Miss Edith P. Moulton of Portsmouth and Miss Rachel C. Colby of New Castle. The class was one of the largest ever graduating from the school and contained Chinese and Sorbian students. Portmen have college degrees and several have volunteered for work in China, France, India, Alaska and Finland.

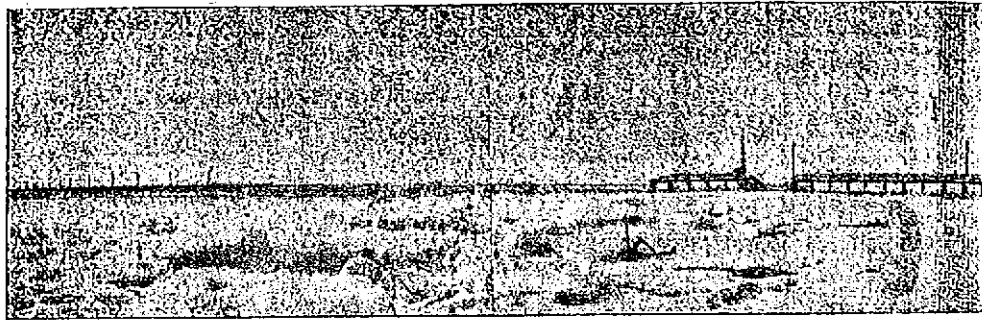

## POPULATION GREATLY REDUCED

Hamburg, Jan. 16.—Hamburg no longer ranks in the class of cities having a population of 1,000,000 and more. The war and the blockade have reduced its numbers of inhabitants to 356,000, as compared with 1,935,000 recorded in the last year before the war.

On a snowdrift in the business district of Portland, Ore., a sign was posted: "Do not pick snowballs off this drift."

## HOW THE WRECKED BRIDGE LOOKED TWO YEARS AGO

Everybody remembers the severe winter of two years ago. The above picture shows what the storms and tide did to the Hampton River bridge. This structure, said to be the longest of its kind in the world, was badly wrecked

and not reopened until July 1. This winter the Massachusetts North eastern Street Railway, which controls the bridge will take extra precautions in protecting the bridge which is a most important connecting link of

the system of street lines controlled by this company. Thousands of people who enjoy the cool ocean breezes of the Hampton Beach in the summer visited this scene at the time.

## CHANGE MADE IN UNIFORMS

Officers Will Wear Sam Browne Belt.

Washington, Jan. 16.—The Sam Browne belt, discarded reluctantly by American officers returning from overseas duty, where it was required, may be added to the regulation uniform of the United States army, and other important changes made if the recommendations of the division commanders and general staff officers in session

here are adopted by the War Department.

Announcement was made today that the conference had voted unanimously that the belt should be worn. Major-General Leonard Wood reported that nearly all officers in central department desired to be allowed to wear the belt.

Virtually all officers present favored a roll collar uniform blouse similar to the British and many were in favor of blue instead of olive drab for other than field service. They desired also to be permitted to wear civilian clothes off duty.

Consolidation Coal Co. Barge No. 17 is due with bituminous coal for the Rockingham County Light and Power Co.

## CLEMENCEAU WITHDRAWS FOR PRESIDENT

(By Associated Press)

Paris, Jan. 16.—Premier Clemenceau today announced that he would withdraw as a candidate for the Presidency of the Republic. He asked his supporters to vote for President Raymond Poincaré for reelection.

Edible Camora writes from Santa Domingo of his arrival there and is pleased with his surroundings.

## HOW CAN YOU DO IT?

Was the question of every person who came to our Opening Day Sale. It was amusing to look in their smiling faces when the sales force were doing up their bundles and boxes for them. DO YOU KNOW WHAT MADE THEM SMILE? The BARGAINS THEY WERE GETTING IN SUITS, COATS, DRESSES, AND WAISTS, also MEN'S CLOTHING AND FURNISHINGS.

We overheard customers say: "How can they sell such HIGH GRADE MERCHANDISE for such low prices?" Our answer was that WE DON'T INTEND TO CARRY OVER ONE SINGLE GARMENT FOR NEXT SEASON.

The GIGANTIC STOCK will melt rapidly away, for very quickly the people of Portsmouth and Vicinity will realize the GREAT BARGAINS we are offering, and if you ask anyone who bought at this sale they will tell you they have seldom, if ever, seen goods selling so low in price since the war began, and furthermore they will in all probability tell you to attend EVERYBODY'S STORE JANUARY CLEARANCE SALE and REALIZE A SAVING OF ONE-THIRD TO ONE-HALF.

# RYE HONORS ITS DEAD HEROES

**Unveiling Memorial Tablet and Monument to Men  
of Rye Who Made the Supreme Sacrifices in  
War.**

The town of Rye on Thursday evening unveiled a fitting memorial to its men who died in service and a large gathering attended the impressive exercises. Owing to the severe cold the exercises were all held within doors, excepting before the program began at the Town Hall all gathered around the memorial tablet and it was unveiled by Miss Louise Rand of Rye, a sister of Wallace E. Rand, who lost his life in the world war. Then all marched to the Town hall where the formal program was given. Ernest Tucker, chairman of the committee on arrangements, presided at the gathering and after a few words of introduction, an opening selection was rendered by the Portsmouth City Band and "America" was sung by all.

Rev. Mr. Phagg, pastor of the Congregational church at Rye, gave the

PHILLIP W. TUCKER  
Died While Serving in World War

gregational church at Rye, gave the principal address of the evening. His talk was an able one and listened to with marked attention. He began by saying that he was sure the town of Rye was most grateful to those men whose names were on the historic tablet and that the town of Rye owes them a debt of gratitude as men of this kind are needed. The speaker said in part: "There are three things I want to say. This monument does not mean its cost in money or in added attractiveness to the town, even though strangers may stop and remark on its beauty. The value of this monument is in the word it speaks to the men and women of Rye. It has three things to say to us all.

"First, we should realize we are all greatly indebted to the past. No nation has ever been saved but by the blood of its young men. Every country on the earth has been indebted to the gift of lives of young men, our country being no exception, and founded and reared by a baptism of blood. The redemption of the Republic has come through the blood of its sons. We are indebted to the past and we stand on the past. The memorial tablet proclaims the fact. For the joys of human life and liberty we are indebted to the lives of those young men who have given their lives.

"The second lesson is that the sacrifices put us under great obligations. We should be faithful to the law of all gratitude if we did not feel that we who live should stand for the right when men by the millions have died for the cause of righteousness. Each should feel it is up to him to eradicate everything bad in his nature and make himself worthy of a country for which those men have laid down their lives. We need to know each other's weakness and help to bolster him up. It is the great mass of men who make a strength. The town of Rye came together on the purpose of the memorial and all towns of New Hampshire that have erected memorials to their dead and I feel they are clapping hands together and saying that we stand for one government and have the Stars and Stripes fly ever on with liberty and justice for us all. Stand for the great ideals that men and women stood for three hundred years ago. With a unity of purpose and righteousness of zeal we place America as she is today at the front of all nations of the great world."

A selection by the band followed and the next speaker was Joseph S. Doolittle, Chairman of Storers Post, No. 1, G. A. R., who spoke in behalf of the organization. Mr. Doolittle, who recently passed his 85th birthday, gave an excellent address and at the close was heartily applauded. Mr. Doolittle referred to the Civil War and afterward told of the old Civil War veterans being as proud of the boys in the world war and what they achieved. He spoke of sitting in his study on the 23d story of the Woolworth Building, New York, and

seeing the transports being loaded by thousands of our boys and he felt as if he must go too, even though a little past the age. The speaker said even with all the hardships the boys of 1914-18 had, boys of the World War had more, for in the Civil War there were no engines of destruction above and below the clouds and the world's war veterans have no better friends than the veterans of the Civil War, who are elected honorary members of their organizations. Comrade Doolittle told of the losses in the Civil War and also of the large number who died after leaving home, and stated that two of his brothers, who also perished in the Civil War never regained their health and illness was brought on which ultimately caused their death. That for which we sacrifice the more we love the most, he said, and he closed his talk by reciting two appropriate poems.

Following Mr. Doolittle's address the band played "The Star Spangled Banner" and all joined in the singing of our national song. Com. John H. Clifford of Camp Winfield Scott, Seelye, Spanish War Veterans was the next speaker, and in behalf of that organization spoke as follows:

"Mr. Chairman, veterans of the Civil War, veterans of the Spanish War, veterans of the World War, ladies and gentlemen, I am pleased to be here this evening for the ceremonies of this occasion marks the great honor and respect due to the men of this old historical town who served their country on land and sea when in the hour of need in the U. S. army, navy and marine corps. This old town sent forth young men to fight and protect lives and property that the people of the colonies might gain their independence. That long struggle, the Revolutionary war, the War of 1812, and 1847, we find that men from your town took part. Again in 1861 we find the men of this town serving in the war against the South. They shouldered their muskets in the field of battle and manned the breastworks on our blood-stained fields of men-of-war. Again in the Spanish war of 1898 there were volunteers who gave up positions and homes to go wherever they were ordered, for the Maine was well remembered. Cuba was freed, the Philippine Insurrection suppressed and the spirit of 1774 and 1861 was not forgotten by the boys of this old town of Rye.

"The last war, the greatest in history, finds the men of this town serving their country on land and sea and the cruel laws of tyranny might be crushed. The citizens of Rye are to be congratulated for placing a tablet, a fitting tribute to the men who served their country from this town. Some are in the service, some are in civil life, but the veterans will always be remembered for generations to come, for there is the evidence. What more glorious, patriotic thing than to have the names of our son, brother or father on the tablet of memory. It shows the spirit of the citizens in honoring the men from the town of Rye. We honor the memory and preserve from neglect and oblivion the last resting place of the nation's dead. This town mourns the loss of three young men on the field of battle. They gave their lives that we may live and that the problem of liberty may continue to wave. For what they were; for what they fought; we will ever remember them."

A selection by the band, "Columbia the Gem of the Ocean," followed, all joining heartily in the chorus. Lyman Macdonald, historian of the Frank Baum, Post American Legion, spoke in place of Commander Jeremy R. Waldron, who was unable to attend. He told of the fine feeling among the World War veterans for the boys of 61 and said he think of them as our "grand-dads." He told of the fine spirit of the boys who served in the recent war and of lessons which the war had brought them.

Oliver Friesee in behalf of the John Paul Jones club made a few remarks and paid a fitting tribute to the men of Rye who had given their lives in the service. The memorial was presented to the town of Rye by Ernest A. Tucker in behalf of the memorial committee. The gift was accepted by Sewell Madden in behalf of the town.

The exercises came to a fitting close by the singing of "America." The monument is located at the junction of the roads from Rye Beach, Rye and West Rye on the triangular shaped plot and is to be furnished with electric lights. Special lights were arranged for the occasion last evening.

The monument stands in the public square of Rye and is of the fine grain Concord granite, 1 foot 6 inches square at base with 8x8 square; it stands 8 feet 1 inch high over a Woolworth Building, New York, and

Two sides finished with ten cut hammered surfaces. On the monument is a beautiful bronze tablet containing the names of the men who served in the Civil War and Spanish War, also one space devoted to those who served in the Revolutionary war. The whole is surrounded by an octagon plot encircled with the same kind of granite. The monument was built by Fred C. Smalley of this city. The bronze tablets, by Thomas McGinn and Son of Boston are of beautiful design. They are 21 inches wide and 38 inches high and lettered with 5-8 letters of full block type. Fifteen hundred dollars was appropriated by the town of Rye at the last town meeting for the memorial and the balance was raised by public subscription, the entire cost to be about \$3000. Clubs, lodges and private citizens contributed freely and much credit is due to the committee who have worked untiringly for the project.

Rye lost three young men in the "old war." The first to die was Thomas D. MacLaughlin, who was killed on the field of battle on Sept. 27. He was a native of Cleveland, and returned to Rye Beach each summer with the family of Francis E. Drake, by whom he was employed as a chauffeur.

Wallace E. Rand, son of Jedediah Rand of Rye, died from pneumonia on November 7, 1918, in France. He was born in Rye and well known here. He went across with the 11th Infantry Engineers, going over with the first 25,000.

Phillip Willard Tucker died of pneumonia on February 9, 1918, at Camp Bastis, Virginia. He entered the service August 15, 1918.

The following are the names of the men from Rye who have served their country, these including those who served in the various wars:

Arthur L. Brown, Charles R. Brown, James W. Brown, William Brown, Phillip D. Davidson, Willard E. Drake, Ernest C. Eaton, John R. Elwell, Donald Finlayson, Herbert O. Foss, Ray F. Foss, Wallace H. ## QUARTERMEN AND LEADINGMEN MAKE BALL BIG SUCCESS

The Quartersmen and Leadingmen's Association of the Portsmouth Navy Yard scored a big success on Thursday evening with their first annual concert and ball. It was the first venture of this bustling organization in social activities and they drew out a crowd that taxed the capacity of the hall.

The zero weather apparently had no effect upon the attendance as there were estimated over 700 people in the hall and they remained until the last of the dances and everybody had a most enjoyable time.

The Association issued invitations to the officers of the yard and there were a large number present. Captain L. S. Adams, the Industrial Manager sent a letter of regret, owing to a recent death in his family he was unable to attend.

Marden's orchestra of ten pieces furnished the music and they rendered in fine style the following concert: pro-

gram:

March  
Excerpts from "Poodle Inn"  
Pest Overture  
Peter Gink-Characteristic

Dancing was then taken up and a list of twenty odd numbers with extras were enjoyed until one o'clock this morning.

The hall was very prettily decorated, a very clever decoration of colored streamers, running from the galleries to the center of the hall, making a varied colored canopy, which moved with the heat waves from the floor, swaying over the crowd and with the lighting effect made it look like a kaleidoscope. Over the stage were large American flags.

Veal punch was served during the evening and at intermission light refreshments of beer and cake, and coffee was served by the Association.

The officers of the association were:

very much on their job and constantly moving about during the comfort of their guest.

The officers of the Association are: President, A. J. McCourt; vice-president, H. J. Chandler; secretary, John Fayer; treasurer, L. I. Williams.

The officers of the dance were:

Ball Committee—John Shaughnessy, chairman; L. I. Williams, D. J. Leahy, J. H. Graham, C. M. Sheppard, A. J. McCourt, floor director, John Shaughnessy, assistant floor director. Aids—H. E. Whitehouse, E. A. Austin, J. J. Gilley, W. F. Flanagan, H. W. Gray, H. J. Chandler, L. W. French, C. T. Pike.

## LOOKING THEM OVER WITH the SPORT FAN

The Natick basketball team of Windsor, Vt., coached by Lew Watcher, former New York state star, who played here many seasons back, probably will play the Pittsford, Bunker Hill and Co. basketball teams in Boston next month. This five is ahead in the number of victories in their section.

The Harvard athletic committee made an interesting announcement regarding boxing recently. The committee believes that theistic sport should be fostered among the undergraduates and this has been shown by the appointment of special instructors. At the same time the committee and probably this reflects the faculty point of view, feels that the time has not yet come for the development of varsity boxing teams to take part in intercollegiate matches. Some time ago Harvard received a request from the University of Pennsylvania for a team boxing match but the request was not granted. In the near future, however, it is not impossible that a boxing team will be formed and that bouts will be arranged with other college teams.

The Colchester, A. A. of Boston will play the first Plymouth, N. H., basketball team at Plymouth Saturday night. The New Hampshire five is made up of several star professional players who have kept the game lively in that section during recent seasons.

The bout between Champion Benny Leonard and Johnny Dundee, which the police of New Haven prevented, may be staged in Jersey City. Promoters of that city are now trying to land this bout for a headliner on Jan. 26. Although Jersey City wants the bout and is willing to pay a top price, it is thought that neither Dundee or Leonard will accept the offer.

Tex Rickard, the greatest American boxing promoter, is said to be working hard in hand with C. B. Cochrane, English promoter. It has been learned that these two promoters have been in secret alliance and awaiting the proper time to announce their plans.

Pennsylvania Joe Phillips played a snap for Paul Doyle, the Boston boxer, at Milford, Mass., Wednesday night. The bout was stopped in the sixth round to save Phillips from a knockout.

Harvard outsiders are now looking forward to at least two big events. In addition to the annual regatta with Yale, the Crimson oarsmen will meet the Cornell eight on Lake Carnegie. Harvard has accepted the Cornell invitation to meet the Harvard on Spring Day, May 22. The Crimson variety and freshman eights will compete against Cornell over a two mile course. Cornell and Yale will clash on the diamond preceding the regatta.

The purchase of Babe Ruth by the Yankees has caused another engine for Manager Miller Huggins to solve. "Now that we've got him what are we going to do with him?" chirp the fans and well known baseball experts at the metropolis. According to the latest opinion, Ruth cannot play left field because of the sun and it will be a great risk to play him in right field on account of the accident risk. Right fielders are fearful of injury when they play on the Polo grounds, and considering Ruth's injured knee, Huggins has already started thinking. Now they are considering whether it would be advisable to play Ruth at first base. And so it goes.

Jack Linn, heavyweight wrestler, will appear in the feature bout at Manchester Jan. 23. His opponent has not been named as yet.

John B. Partridge of Manchester, won a wrestling bout at Franklin, N. H., last night over Peter Plourde of Lowell, Mass., taking two of the three falls. The bout between John Kiltons of Manchester and Harry Marshall of Bangor, Me., was called off because of the illness of Kiltons.

BATES ANNOUNCES  
BASEBALL SCHEDULE

Lewiston, Me., Jan. 15—Massachusetts Agricultural college will meet Bates college for the first time next fall, according to the football schedule announced today by Manager Carl M. Penny of Cliftondale, Mass. It was also announced that Thomas T. Sullivan of Colgate had been engaged as coach.

The schedule is as follows:  
Sept. 25—Port McKelvey at Lewiston.  
Oct. 2—New Hampshire State at Durham.  
Oct. 9—Massachusetts Agricultural college at Amherst.  
Oct. 16—Colby at Lewiston.  
Oct. 23—University of Maine at Orono.  
Oct. 30—(Pending)  
Nov. 6—Bowdoin at Lewiston.

DEMPSEY MAY BE GIVEN  
A HEARING BY LEGION

Indianapolis, Jan. 15—Decision as to whether Jack Dempsey, heavyweight boxing champion, will be permitted to appear before the supreme court of the American Legion and give testimony as to his record during the war will not be made until the return to Indianapolis of Franklin D. Roosevelt, national commander.

This announcement was made today from national headquarters. Dempsey is in Philadelphia and is not expected at his office before next week.

Jack Kearns, manager of the pugilist, announced last night in Los Angeles that he had telegraphed the National Commander of the American Legion in behalf of Dempsey, asking that an opportunity be given him to answer charges of various points of the soldier and sailor organization that he was a shucker and draft dodger. The telegram asked that a halt be called on such action by the posts until a letter written by Kearns reached headquarters.

Officers at the Legion headquarters declined to discuss the matter.

DOWNES VICTOR IN BOUT WITH BROWN

Boston, Mass., Jan. 15—Johnny Downes of South Boston, defeated Frankie Brown of New York in 12 rounds at the Commonwealth A. A. last night. Downes did the job cleverly. He was the aggressor most of the time and did some fine blocking.

CALLAHAN WINS FROM MORGAN

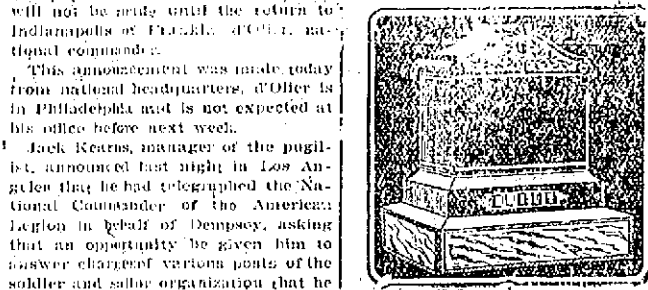

Lowell, Jan. 15—Eddie Morgan of Philadelphia was knocked down twice each in the first and second rounds by Frankie Callahan of Brooklyn, in what was intended to be a 12-round bout at the Crescent A. A. tonight. Morgan was so clearly outclassed that Referee Gardner gave the decision to Callahan.

DEMPSEY UPHOLD BY DRAFT BOARD HEAD

San Francisco, Jan. 15—Jack Dempsey, heavyweight champion of the world, "is in no sense a shucker or draft dodger," according to a statement made today by John S. Hogan, San Francisco attorney who headed the selection board at San Francisco which handled Dempsey's case.

LEWIS PUTS OUT BUSHIE

Beverly, Mass., Jan. 15—Lud Lewis of Lawrence knocked out Young Bushie of Woonsocket at the Dreamland Theatre tonight at the Union A. C. show. Bud Dolan of Lawrence and Larry Cross of Lynn fought a seven-round draw.

BEDS, SPRINGS AND MATTRESSES.

For every human being, regardless of age or station, sleep is the most vital and necessary condition in life. No man, woman or child can remain healthy and efficient without enough sound, refreshing and invigorating sleep. Only deep undisturbed sleep can bring that full degree of perfect rest needed for the harmonious functioning of mind, nerves and muscles.

Everybody knows that sound sleep means sleep of complete relaxation and repose—yet such a condition cannot be brought about unless one's bed invites it. The choice of a bed, spring and mattress, therefore, becomes one of the important events in our everyday life—a matter to be considered carefully and deliberately.

That most people in the past have considered the selection and purchase of a bed merely in the light of a new piece of furniture was, in the absence of scientific knowledge on the subject of its relation to sleep, only natural. With modern medical thought to guide us, however, one can now consider the question in its proper light, in its logical relation to health, personal efficiency and sleep.

# ATLANTIC HEIGHTS

Lewis D. Hill has moved from North Hampton to Concord Way.

A number of men of this section are preparing an elaborate industrial show which they will give in the Cafeteria building in the near future.

Many newcomers have lately registered at the Gloria Hotel.

John W. Haynes and family have recently moved to Raleigh Way from Woodbury Avenue.

The restaurant at the entrance to the Corporation plant is doing a most satisfactory business this winter.

The school at Atlantic Heights has now over 125 pupils when last year, when it started, it had but 50 or more. This gives evidence of the growth of Atlantic Heights and the need of the school. A number of new pupils are also to enter soon.

Miss Madeline Paul, teacher at the Atlantic Heights school, will pass the week end with friends in Bradford, Mass., and Boston.

Alexander Dorcy and family have moved from Pompey Way to Concord Way.

# THE HERALD HEARS

That the superior court is hearing several naturalization cases at Exeter today.

That a large number of cases on the docket in this court were wiped off by the court.

That some of them are said to have been on the docket for nearly five years.

That a taxi struck the ribs of the P. D. & York Street Railway at Black's Hollow, Kittery, some time during Thursday night and went down the embankment.

That the only damage was some broken glass.

That the advance in the iron market means something to foundry dealers who happened to have some scrap on hand.

That helpers who were taken on the navy yard during the war with no questions asked relative to experience, must now await six months work in their line.

That this is what the Civil Service required previous to the war.

That law relative to liquor under the Federal Government ruling is still puzzling many.

That the law is more strict than we realize.

That taking liquor from your own domicile to the home of a friend or relative who is sick is liable to get you in trouble if the authorities get you.

That signs which have been landmarks for years on buildings or corners advertising the merits of beverages containing alcohol, are in violation of the National prohibition law and must be removed after today.

That unless signs which contain advertising matter, intended to promote the sale of beverages, containing one-half of one per cent or more of alcohol are taken down the owner and advertiser will be subject to penalties for violations of the prohibition law.

That we may yet hear of a penalty for mentioning the word liquor.

That a newspaper at Odebo, Ia., carried the item of warning, No trespassing will be tolerated in my pasture, known as the Hartman place. Please don't try to make a small potato out of me or I'll make a full bird out of you.—W. H. Horton.

That this looks like a 50-50 deal or a game of ill for lat.

That Capt. Butler and his coast guard crew were engaged in cutting out motor boats owned by fishermen frozen in Rye Harbor this morning.

# HELD REHEARSAL OF "THE RUNAWAY"

Bill Dryden and Pinky Gardner is the wrestling attraction for Monday evening.

# BRUCE AND EWEN RESIGN AND START FIRM IN PORTLAND

Robert M. Bruce and Charles G. Ewen of this city who have been connected for some time with the U. S. Internal Revenue service have resigned and are now organized under the firm name of Bruce & Ewen, with an office at 330 Congress street, Portland. They will act as public accountants and specialists on income and excess profits tax. They are prepared to give full interpretation of the income tax law and assistance in the preparation of returns.

# DOUBTS ANYTHING WRONG

Assistant Secretary of the Navy Franklin D. Roosevelt "found conditions satisfactory" at the Portsmouth navy yard prison which he visited yesterday. However he intends to come again and talk with the townspeople of Portsmouth, N. H., and Kittery. It is to be doubted if anything of a very serious nature will be found against Lieut. Commander Thomas Mott Osborne, the head of the prison.—Portland Express.

# COMING NUPTIALS

# ENLARGED WAITING ROOM IS MUCH APPRECIATED

The new spacious waiting rooms at the Boston & Maine railroad station are greatly appreciated at this season. Between 5 and 6 o'clock yesterday afternoon nearly every seat was occupied and many people were standing by the radiators. It would be surprising to some to know what a large number of people are daily travelling to and from our city this winter, while in the summer the station is a busy place all the time.
